Width: *5.2*

Diameter:

## Verbal Description:

Rem segment of a Scorred censer lid. Concave upper side is rougher than usual, with some striation. Scorred side is burnt, and is roughened and lumpy from clay turned up ~~from~~ by the scoring. The lip was lightly smoothed after the scorred side was roughened: some clay from the smoothing laps onto the scorred side. Scoring is crude and irregular. Firing core is only  $\frac{1}{3}$  of sherd.
